

Corrugated Inline Squaring and Strapping System

TP-CIL TransCorrLiner

TRANSPAK TP-CIL TransCorrLiner is a high-speed corrugated inline squaring and strapping system. It can meet the speed requirement of the fastest Flexo Folder Gluer and Casemaker.

new

High speed
Up to 27 bundle/min

TP-CIL TransCorrLiner

Main Features

➤ Compact & Robust Strapping Head TP-CIL-SH

TP-CIL uses the latest DC brushless technology in sealing head, needle, and non-center strapping to provide the highest level of reliability and durability. Thermocouple controlled heat sealing system assures consistent and high sealing efficiency.

➤ Intelligent Pusher Optimizes Speed (patents pending)

Intelligent self-positioned pusher detects bundle length automatically. It streamlines production line and increases strapping speed.

➤ Automatic Bundle Size Setup System

The automatic setting modes makes TP-CIL fast set-up for bundle size change in 15 seconds. It minimizes the costly downtime.

➤ Strapping in the Flute Direction

Strapping in the transport direction, in line with the flutes.

➤ Good for Inexpensive Narrow Strap with Maximum Efficiency

The drape-strap feeding design allows TP-CIL use economical PP strap. Cost saving.

More Features

➤ Siemens PLC and HMI (touch panel)

Provide easy adjustments, TEACH-IN programming, and troubleshooting guides.

➤ Non-center Strapping

Strapping position is adjustable for different requirements.

➤ Hot Standby Mode (Two heads version only)

While performing single strapping, the 2nd strapping head is always standby for saving downtime.

Options

➤ Powered alignment device

➤ Air conditioner for control box

➤ Belt driven conveyor for the last bundle

➤ Energy saving transit with auto sleep mode

➤ Uplifted support

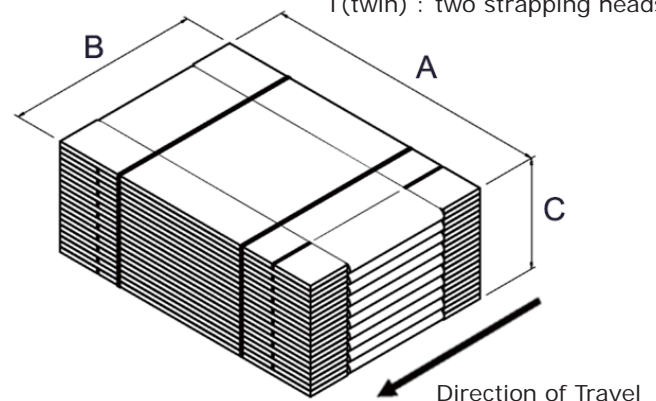

➤ Upstream accumulating conveyor

➤ Auto splicer (to be available during 1st half of 2017)

Stack Sizes

Machine model	Width A (mm)		Length B (mm)		Height C (mm)	
	min	max	min	max	min	max
TP-CIL-13S	180	1300	180	1300	50	350
TP-CIL-13T	450	1300	180	1300	50	350
TP-CIL-16S	180	1600	180	1600	50	350
TP-CIL-16T	450	1600	180	1600	50	350

* S(single) : one strapping head
T(twin) : two strapping heads
